Dennis Wink called the meeting to order .

Special Meeting called to vote on a sensor for our Monitor for sled

Richard Wilkerson stated that the company that we bought the monitor from stated that the only reason our monitor shouldn't work is because of a sensor going out. Extreme cold can be the cause of this and/or maybe extreme heat. This was the problem that we had at the April 2014 Sweet Potato Pull. Company suggested we keep an extra sensor on hand for anytime this might happen in the future.

Motion made and seconded that we purchase this additional sensor at a cost of approximately \$107. Richard will take care of this.

Meeting adjourned

Also at the end of tractor pull it was decided that we would meet on **June 27th at 7:00 at Piccadilly Restaurant in Monroe** for our June and July Meetings. Our July 2014 meeting would have fell on July 4th.
