Jesse Abernathy presented the treasurer's report, \$1,603.38 in bank. Report was approved.

OLD BUSINESS

- RUSTON PULL – was a success!
 - 111 hooks
 - 47 tractors and 41 drivers
 - 7 new members
 - Net income from pull – \$1,262

NEW BUSINESS

- **February 10, 2018** date was set for Bastrop pull next year. Goldman's will furnish a pull-back tractor.
- **September 30, 2017 pull at Bastrop.** Cost is \$450. The arena will host a barrel racing event on Friday until midnight. Thomas Sitton plans to work on track after barrel racing is over. Track is sandy, so not sure how well it will be packed. Pullers can bring tractors on Friday and leave them at the arena.
- Discussed ways to improve registration. Having a third copy available to drivers would be very helpful. Look into creating triplicates when filling out forms. Wilkerson and Carson suggested may look into using numbers. Order and weight class can be written on the number card and placed on the tractor. Look into cost of printing numbers 1 through 999.

Meeting was adjourned.

**NEXT BRATP EVENT: BASTROP PULL AT THE MAC
